

Buying and Selling Wartime Collectables: An Enthusiasts Guide to Militaria

Collecting militaria is a hobby that has grown enormously in recent years, spurred on especially by the burgeoning interest in the First and Second World Wars, and further fed by films, documentaries and re-enactments. The collecting scene has moved from the post-war army surplus stores to large dealers, international events and, above all, the internet. In this book Arthur Ward and Richard Ingram offer the benefit of their extensive knowledge and experience to guide you through the world of military collectibles from badges, books and posters, to helmets, tunics and weapons, and enable you to start or enhance your own collection. Around 250 superb color photographs clearly show items and the topics covered include: insignia; headdress; uniforms; equipment; weapons; ephemera; checking for authenticity and detecting fakes; preservation and display; buying and selling; and values, trends and forecasts.
