

Mel Bay Rhythm Changes Volume 3 Book/CD Set

This volume in the Frank Vignola Play-Along Series contains ten solos which have been written and recorded over blues and rhythm changes in many different keys. The performance-tempo recordings of the solos include numerous choruses of rhythm section only, allowing for individual practice of the written solos or practice of original ideas with a live rhythm section. Occasionally, during these rhythm only sections, Frank Vignola will play an improvised solo for four, 12, or 24 measures. This allows the student to interact with the recording by copying ideas, building upon what has just been played, or practicing the chords to the piece. The Frank Vignola Blues and Rhythm Changes series gives any student of jazz guitar great ideas for playing solos over two of the most popular musical forms in jazz.
