

# The Official Gun Digest Book of Guns & Prices

Simply put, its everything you need - and nothing you dont. Gun Digest Book of Guns & Prices, a stand out at the 2006 NRA Show, delivers basic descriptions and up-to-the-minute pricing in six condition grades for antique, vintage, collectable and modern commercial cartridge firearms manufactured since 1857. The format of the book makes it easy to stick in a bag and take to gun shows, and still have room for the new edition to feature 300+ more listings. Firearm collectors, enthusiasts, shooters, hunters, dealers and hobbyists looking for straight up descriptions and prices will appreciate this gun guide for what it doesnt have - tedious commentary, obscure trivialities and other filler - much as for what it does have.
