

Federal Rules of Evidence 2015-2016 Statutory and Case Supplement to Fishers Evidence (University Casebook Series)

This statutory and case supplement incorporates the latest statutory changes and proposed revisions and the most recent U.S. Supreme Court decisions bearing on evidence law. The statutory component of this volume reflects the new amendments to Federal Rules of Evidence 801(d)(1)(B), 803(6)(E), 803(7)(C), and 803(8)(B), all of which took effect on December 1, 2014. Also included are proposals to delete Rule 803(16) and to add two new authentication rules, 902(13) and 902(14). The Advisory Committees Notes to all these changes and proposals, together with explanatory editors notes, appear as well. The statutory component also includes a side-by-side reprinting of the older (pre-2011), unrestyled Federal Rules of Evidence and the newly restyled rules to allow for ready comparison. Editors notes point out those areas where the restyling project, contrary to its authors claimed intentions, worked substantive changes in the rules. The case supplement analyzes the Supreme Courts very recent decision in *Ohio v. Clark* as well as its 2014 ruling in *Warger v. Shauers* and 2013 ruling in *Salinas v. Texas*. *Clark* addresses whether the admission against the defendant of a young child's allegation of abuse, made out of court and offered in lieu of the child's testimony at trial, violated the defendant's confrontation right. *Warger* raises questions concerning the application of Rule 606(b). And *Salinas* examines the prosecutions use in its case-in-chief of a suspect's silence in response to noncustodial police questioning. Those who teach with *Fishers Evidence* (3d ed. 2013) will benefit from paginated cross-references between the casebook and this supplement.
