

The Illustrated Book of Guns: An Illustrated Directory of Over 1,000 Military, Sporting, and Antique Firearms

Five centuries of small arms development are encompassed in this superbly illustrated directory which features more than 1,000 of the most important pistols, rifles, revolvers, submachine, light, and heavy machine guns made and used throughout the world. With the use of hundreds of specially taken photographs, accompanied by a brief technical description of each weapon, this huge volume is the most comprehensive directory of its kind ever published.
