

Institution of Intellectual Values: Realism and Idealism in Higher Education (St Andrews Studies in Philosophy and Public Affairs)

This is a revised and expanded version of the much praised short book *Universities: The Recovery of An Idea*. It contains chapters on the history of universities; the value of university education; the nature of research; the management and funding of universities plus additional essays on such subjects as human nature and the study of the humanities, interdisciplinary versus multidisciplinary study, information systems and the concept of a library, the prospects for e-learning, reforming universities, intellectual integrity and the realities of funding, and spiritual values and the knowledge economy.
