

## New Teen Titans Vol. 2 (The New Teen Titans Graphic Novel)

The original Teen Titans always stood in the shadows of their larger-than-life mentors young heroes like Robin, Wonder Girl and Kid Flash saw plenty of action, but it was Batman, Wonder Woman and the Flash who ultimately called the shots. All that changed, however, with the arrival of THE NEW TEEN TITANS in 1980 and the lives of DC's adolescent adventurers would never be the same! Crafted by comics legends Marv Wolfman and George Perez, this all-new super-team featured greater dangers, fiercer emotions and more tangled relationships than any that had come before. The Titans celebrated stories have ensured that the names of Starfire, Cyborg, Raven and the Changeling will be passed down through history alongside those famous aliases employed by Dick Grayson, Donna Troy and Wally West. Now, for the first time, all of Wolfman and Perez's NEW TEEN TITANS tales are available in a comprehensive series of trade paperback editions. THE NEW TEEN TITANS VOLUME TWO collects the issues #9-16 of the classic title, and includes an enlightening introduction from Wolfman on the crafting of these acclaimed stories.
