

Van Gogh Landscapes (Illustrated) (Affordable Portable Art)

- Digitally restored illustrations- Translated captions- Annotated Vincent Van Gogh's short art career provided the world unparalleled paintings from a troubled genius. It was an age of post-Impressionistic color, form and wonderment that art experts and connoisseurs discovered only after the master's death. Bouts of anxiety, mental illness and epilepsy may have tormented him and brought about his suicide at the age of 37. But they may also have been catalysts for an emotionality and vibrance in his art that reveals a turbulent search for grace. This volume displays 50 Van Gogh landscapes chronologically arranged in a digitally restored state: their eye-popping brilliance and vivid vitality come across just as on the day Vincent Van Gogh finished them. Unless otherwise noted, they were originally oil paintings on canvas or wood. Technical Note: These images are in color -- they render beautifully in optimized gray-scale tones for black-and-white e-book readers, but exhibit even more stunningly in full color with color readers and inside Kindle apps for color-enabled computers and portable or hand-held devices.
